## ATTACKS STRONG TURK POSITION

Montenegrin Army Drives Enemy From Mountain.

### PRINCE FIRES FIRST SHOT

Youngest Son of King Nicholas Gives Signal for Firing All Along the Line. Five Turkish Guns Are Silenced in One-third of an Hour—Sultan's Forces Withdraw From Their Position.

Podgoritz, Montenegro, Oct. 10.—The Montenegrin army opened war against Turkey by attacking a strong Turkish position opposite Podgoritz. Prince Peter, the youngest son of King Nicholas, fired the first shot.

This was the signal for firing all along the line and an artillery duel ensued. Within twenty-one minutes five Turkish guns were silenced and the Turks retreated from their first position on Mount Planinitsa. By noon the Turks had evacuated the mountain.

Podgoritz is the headquarters of the Montenegrin forces and amid the enthusiastic cheering of the people King Nicholas, with Prince Mirko, his second son, and staff rode early to the mountains to survey the positions. The Montenegrin guns had been placed the night before and strong detachments of men were held in reserve. The Turkish forces proved larger than the reports of the scouts indicated.

Punctually at 8 o'clock the first shot was directed at the Turkish position on the hills opposite by Prince Peter, who is a captain of artillery. At the booming of the guns the band in the Montenegrin headquarters struck up the royal hymn.

That the Montenegrin fire was effective was proved by the quick retirement of the Turks. After they evacuated the mountain a general advance of Montenegrin infantry was ordered. Covered by a concentrated artillery fire the infantry moved towards the strong fortified Turkish positions on Detchitch mountain, which commands the road to Scutari.

At 2 o'clock the Turks landed troops on the shore of Lake Scutari near the Montenegrin frontier. A general engagement followed.

### AERIAL NAVIES MAY CLASH

Birdmen Likely to Come into Conflict in Actual War.

Paris, Oct. 10.—Airmen belonging to opposing armies in the Balkan war are likely soon to come into conflict for the first time in actual war. All the Balkan states, as well as Turkey, have a number of expert airmen, most of whom have learned to fly in France. They also possess considerable aerial machines.

Turkey, for instance, recently acquired eight monoplanes in France, two in England and two in Germany, while others have been ordered by the Ottoman government in both England and Germany.

Bulgaria owns one monoplane and three biplanes, and the war department in Sofia has just ordered additional machines from Germany.

### KING ISSUES PROCLAMATION

Calls on Montenegrins to Aid Brethren in Old Servia.

Cetinje, Montenegro, Oct. 10.—King Nicholas has issued a proclamation summoning the Montenegrins to go immediately to the assistance of their brethren in Old Servia, where, he declares, women and children are being massacred. The proclamation concludes:

"Montenegro is attacking Turkey not from motives of arrogance, but inspired by a noble resolve to prevent the final extermination of her breed."

One Way to Show Patriotism.

Constantinople, Oct. 10.—The tax of 200 to escape military service has brought \$1,000,000 to the exchequer in the last few days.

### NO POLITICS ON VACATION

President Taft Speaks in New Hampshire and Vermont.

Bretton Woods, N. H., Oct. 10.—President Taft reached his farthest north after a five-hour run through Northern Vermont and New Hampshire. It was the shortest run the presidential party, with Mrs. Taft and Miss Boardman, has made since the trip from Beverly last Saturday.

The president made several speeches in the way east from Montpelier, but allowed his rule of no politics on a vacation.

### GIRL KILLS A POLICEMAN

He Was Guarding Her Home and She Thought Him a Burglar.

Allentown, Pa., Oct. 10.—Police Captain John J. Mahoney and Lieutenant Bernard J. Burns of the Maxwell station were discharged from the Chicago police department by the civil service commission because of the escape from Chicago Sept. 10 of two of the bandits who robbed the Bank of Montreal at New Westminster, B. C.

The civil service commissioners decided that both officers were guilty of incompetency and neglect of duty.

Burns attempted to arrest the two bandits single handed in a South Side house and was beaten nearly to

Companies Fear Heavy Loss.

Washington, Oct. 10.—A net loss of \$33,000,000 a year in the revenues of the express companies and the railroads would result from putting into effect the express rates proposed by the interstate commerce commission, according to figures submitted by the company to the committee at a public hearing. This loss, it was estimated, would be substantially evenly divided between the express and the railroad companies.

## LAWMAKER GIVES GRAFT DETAILS

Ohio Legislator Pleads Guilty to Soliciting Bribe.

### DR. NYE MAKES CONFESSION

Pike County Representative Also Implicates Other Legislators and Men Higher Up—Attorney General Hogan Says Nye Asserted His Revenue From Legislative Graft Amounted to \$10,000 Year.

Columbus, O., Oct. 10.—Dr. George B. Nye, representative in the last legislature from Waverly, Pike county, pleaded guilty to having solicited a bribe for his vote on the Kimball bill.

Dr. Nye, in a confession made last Sunday to Attorney General Hogan, in the presence of Prosecuting Attorney Turner of Franklin county and a court stenographer, implicated other legislators and men higher up.

The indictment to which he pleaded guilty charged that he solicited a bribe of \$1,000 from B. F. Kimball, the author of the bill, on April 18, 1911. The bill provided for the redistricting of the Pike and Adams county judicial districts.

Dr. Nye was not sentenced and probably will not be until after the grand jury is reconvened.

According to information given out by Attorney General Hogan after Dr. Nye had pleaded guilty Nye told a startling story of how a certain lobbyist, who represents certain public service corporations, had dominated the legislature. Dr. Nye said he had been one of this lobbyist's chief lieutenants. He is said to have asserted that his revenue from legislative graft amounted to as much as \$10,000 a year. He corroborated the stories told at the bribery trials by state detectives.

Dr. Nye furnished the identity of the persons who are keeping the family of Rodney J. Diegel of Sandusky, sergeant-at-arms of the senate, who now is in the penitentiary under a three-year sentence.

Agreed to Keep Silent.

Nye also went into details of the arrangements whereby Diegel agreed to "keep his mouth shut" and go to the penitentiary if his wife and family were cared for, according to Attorney General Hogan.

Mr. Hogan also announced that Dr. Nye had disclosed the identity of the persons who are putting up the money for the defense of the accused legislators.

It was through Nye that the legislative bribery was originally exposed, resulting in the indictment of seven members of the legislature and four others. Nye was indicted on eight different counts.

Diegel was convicted as a go-between for the legislators and the bribe. Senator L. R. Andrews of Ironton was convicted and sentenced to a term of nine months in the penitentiary and Senator Isaac Huffman of Hamilton was convicted and sentenced to a term of three years in the penitentiary.

Representative Owen J. Evans of Stark county pleaded guilty to accepting a bribe and was fined \$500. Senator George K. Cetone and Representative Frank M. Calvey of Cleveland, Edward T. Crawford and A. Clark Lowery of Ironton are yet to be tried. Stanley Harrison, assistant sergeant-at-arms of the senate, and two loan agents also remain to be tried.

The Progressive party," said Colonel Roosevelt, "has deliberately embodied in its platform as its most essential issue the supreme duty of the nation to secure social and industrial justice and that in accordance with this policy it declares explicitly that it favors the organization of working men and women and governmental action for their welfare and then gives in detail the many laws for this purpose which it intends to secure in both state and nation.

"The Progressive platform distinctly states that in order to carry out its purposes to establish minimum safety and health standards for wage earners, especially women and children, it will invoke the federal control over interstate commerce and the taxing power of both nation and state."

Marshall Says It Tried to Prevent Manufacture of Prison Twine.

Des Moines, Oct. 10.—The harvester trust, of which George W. Perkins is said to be one of the principal stockholders and who is alleged to be the financial backer of Colonel Theodore Roosevelt's campaign, by Governor Marshall of Indiana, came in for its share of condemnation at the hands of the Democratic presidential candidate in his address here.

The governor declared the trust had made repeated efforts to prevent the manufacture of binder twine in the Indiana state prison and had employed underhand methods.

ATTACKS HARVESTER TRUST

Allege Minneapolis Company Has Violated Anti-Trust Law.

Minneapolis, Oct. 10.—The state of Minnesota formally began an action looking to the forfeiture of the corporate franchise and the driving from business of a Minneapolis company which has \$250,000 invested in Minneapolis and which is the outgrowth of a business started thirty years ago on a capital of a few dollars.

In a complaint served on A. W. Ruhne, president of the Minneapolis Milk company, the state asserts that the company has violated the state anti-trust law by entering a conspiracy to raise the price of milk, demands that the company's franchise be forfeited and asks that an injunction be issued prohibiting the company from doing business pending the result of the trial.

Washington, Oct. 10.—A net loss of \$33,000,000 a year in the revenues of the express companies and the railroads would result from putting into effect the express rates proposed by the interstate commerce commission, according to figures submitted by the company to the committee at a public hearing. Renominate Governor Pothier.

Providence, R. I., Oct. 10.—The Rhode Island state convention unanimously renominated Aram J. Pothier for governor. In its platform the convention challenged the judgment of the people of the United States on "the character and official acts of President Taft," and assailed the doctrine of the judicial recall as "revolutionary, dangerous and destructive of every constitutional right heretofore enjoyed."

## CAMPAIN FUND INVESTIGATION

It Has Impressed People With Costly Nature of Elections.

### CONTRIBUTORS ARE "EASY."

Big Business Men Gave Large Sums of Money For Campaign Purposes Without Taking Receipts—Congressman Sulzer's Ambitions Are Higher Than the Governor of New York.

By ARTHUR W. DUNN.

Washington, Oct. 10.—[Special.]—"Going round in a circle" aptly describes the campaign fund investigation. This is because little that the public has known is brought out. Possibly the people will be impressed with the costly nature of elections under the system which has been in practice, but that is simply because the papers have been printing some of the details of the contributions and republishing the names of corporations and very rich men who have been contributors.

The best result of the investigation will be the enactment of laws which will further prevent contributions and perhaps prevent the great expenditures in campaigns.

Credulous Contributors.

When one comes to think of it the campaign contributors must be a very credulous set of people. Think of big business men and big corporations handing over \$100,000 each in currency without receipts or acknowledgments, expecting that the sums will be used in politics and that in some way they are to be benefited by the party or members of the party receiving the money.

Hull Tells This One.

John A. T. Hull, who was a member of congress for twenty years and chairman of the committee on military affairs for sixteen years, has a good story on himself, and Jim Hemenway, who was chairman of the house committee on appropriations and senator from Indiana for four years. A man was remonstrating with President Taft about two of his cabinet selections. He said: "You have taken two Democrats from Chicago, one for secretary of war and the other for secretary of the treasury. It would have been better politics if you had taken John Hull for the war department and Jim Hemenway for the treasury department."

The president stiffened. "When I selected my cabinet," he said, "I was not considering politics, but was looking for men of character."

Men Who Remembered.

When different men told the investigating committee what Cornelius N. Bliss had said concerning the campaign of 1904 there were those who recollect that Theodore Roosevelt stood between Bliss and the great prize—the presidency. At least Mark Hanna's friends believe that he would have been able to have nominated Bliss for vice president if Roosevelt's rough ride shadow had not been thrown athwart his political pathway.

Roosevelt's appearance at that time was the first check Hanna had received in his great political leadership. Bliss may not have been able to defeat Dolliver and others, but no one can say what might have happened but for Roosevelt.

Sulzer's Ambition.

William Sulzer will look upon the New York governorship as a stepping stone to something higher. Sulzer was willing to go on the ticket with Bryan in 1900 and again in 1908. He was willing to be a dark horse candidate at Baltimore when the many ballots began to weary the delegates. If he is elected governor of New York he will be in a position to look forward to higher honors in 1916.

Dixon as a Witness.

Senator Dixon took advantage of his appearance before the Clapp campaign investigating committee to boil over with all the pent up wrath of a man who believed he had been unfairly treated after having won a great victory. Dixon really thought he had the delegates at Chicago to name Roosevelt. If he had succeeded he would have been one of the big political generals of the age. He tested his feelings freely when in Washington, and he made a political play when he answered any question. Roosevelt men believe that Dixon's testimony will make good campaign literature for the Progressives.

Dixon Learns Economy.

"I learned a lesson in economy and the wise expenditure of money the other night," said Senator Dixon of Montana. "I was on an avenue car going homeward when a soldier got on the car and asked for a Georgetown transfer. The conductor called for his fare, but the soldier found he didn't have it and appealed to me to save him a walk to Fort Myer. I did so, and as I saw he was rather unsteady from too much drinking I gave him a little lecture on the evil effects of such habits. I happened to know that it was pay day and asked him what he had done with his sixteen fifty."

"Well, \$10 of it having a champagne supper with the boys, and \$5 I bought tickets with," he said.

"I asked him what he had done with the other \$1.50."

"He thought a moment and then replied slowly, 'I guess I must have just spent that foolishly.'"

DAN HANNA AIDS ROOSEVELT

Colonel's Backer in Ohio Tells Senate Campaign Funds Committee He Dedicated \$177,000 to Further the Nomination of Roosevelt—Senator Dubois Says Speaker Clark's Expenses Amounted to \$50,468.50.

Washington, Oct. 10.—Charles P. Taft of Cincinnati told the Senate committee investigating campaign funds that he had paid \$213,592 in 1912 toward the expenses of securing the renomination of his brother, the president, at the Chicago convention.

Consulting a morocco covered memorandum book in which he said he had practically all items he ever spent for campaign purposes Mr. Taft was on the point of telling the committee how much the nomination in 1908 had cost him when Chairman Clapp stated that the committee had no authority to investigate the preconvention campaign of that year, or funds used in the election now in progress.

Dan R. Hanna of Cleveland, backer of the Roosevelt forces in Ohio this year, as the president's brother was of the Taft forces, followed Mr. Taft on the witness stand. He testified that he gave \$177,000 to the support of the Roosevelt campaign for nomination this year. Of this sum \$50,000 went to the Roosevelt national committee, \$50,000 to Walter F. Brown, manager of the Roosevelt Ohio campaign, and another \$77,000 to the work of reorganization in Ohio.

The expenses of the fight of Speaker Champ Clark for the Democratic nomination for the presidency were given by his manager, former Senator Fred T. Dubois, at \$50,468.50.

Watson Heaviest Contributor.

Senator Watson of West Virginia was the heaviest contributor, giving \$10,700, and William R. Hearst the next, with contributions amounting to \$6,500. The total contributions to the original Clark fund were \$45,948.98. At the end of the Baltimore convention, said Senator Dubois, the Clark forces had a deficit of \$4,590, \$3,000 of which was made up by Speaker Clark personally.

CROSS LAKE

Sept. 30—Watertown has been cutting corn, lately to beat the Dutch, and what Watertown hasn't cut Jack Frost has.

Watertown has another burglar case. Last Monday night the schoolhouse in Dist. 70 was entered by lowering the upper sash of one of the windows. The thief merely took the clock, napkin or towel and a new dipper. He might have taken the library as well. Mr. Lucas, the director, was notified and immediately instituted a search, but found no clue, but still has detective instincts on the alert and the burglar had better leave the country.

C. P. Heller has his house enclosed that he is building on the forty he bought this summer on section 16.

The following motored through Watertown Sunday: Cashier Cloud and wife, John Haug and wife from Pequot, and Wm. Murray and wife of Nisswa.

The school house in Dist. 58 is being papered and cleaned. School will commence Oct. 7th.

**FIMPLE CAUSED DEATH**

Death of H. H. Hitch Resulted From Blood Poisoning Induced By Slight Infection

A message received from Mrs. Nina Hitch today states that an ulcerated tooth did not cause the death of H. H. Hitch. The blood poisoning developed from a slight pimple on the face which became infected and later caused death.

**Special Notice**

**BRAINERD PLAYS  
AKELEY SATURDAY**

First Game of Football This Season at the Koering Grounds—Fine Game Predicted

**AKELEY HAS A GREAT PUNTER**

The Lineup For Saturday—Some Football Dope on Mike Boyle, Former Brainerd Boy

Coach Callan has made final arrangements for the first game to be played at the Koering grounds on Saturday, Oct. 12, between the Akeley and Brainerd high schools. The game will be a stiff one and well worth the price of admission. Akeley has a man that is able to "drop kick" 45 and 50 yards, and this man's playing alone is worth 25c. The following is Coach Callan's squad:

Center, Blake; guards, Burrel, Raymond, Welsh; tackles, Ernster and Bergreen; ends, Orne, Purdy, Koop and Norquist; back field, Trent, Capt. Day, Carlson, Brandon, Durham; subs., Vaughn.

Game called at 3:00. Admission 25 cents.

Brainerd is following with great interest the record being made in football by Mike Boyle, a former Brainerd boy who is now a star on the Michigan eleven. A dispatch from Ann Arbor states that the plucky little quarterback who went into the Case game Saturday with less than a week's practice, is likely to be out of football for a week to come as a result of an injury received during the battle.

Boyle, who did some stellar open field running, was tackled particularly hard on one occasion. In attempting to stiff-arm his opponent he fell on his right arm, injuring it severely. He finished the quarter, however, playing without knowing the extent of his injury.

An examination made subsequently by Trainer Steve Farrell showed that a tendon had been torn in his arm. This will mean that Boyle will be lucky to get into the M. A. C. game Saturday.

The following reference is made to the Case team which Michigan played with on Saturday. Case footballers have proven excellent trial horses for the Michigan pigs in chasers for 15 years. Only twice during this period have the Ohioans given the Wolverines any uneasiness in their annual contests on the gridiron.

In the 15 games played by these teams Michigan has rolled up 397 points while Case has secured a total count of 32. Two autumns ago the Ohio eleven played Michigan to a standstill, the final score being 3, while only the year previous Michigan worked its hardest to win from the same team by a 3 to 0 count.

Saturday's score was about as de-

cisive a victory as the Ann Arbor players ever achieved from Case, which augurs well for the class of team Coach Yost is whipping into shape for this year's campaign.

The Brainerd Dispatch will be glad to print clippings or notes pertaining to the athletic work of any Brainerd man in any field of sport. We can't get too much Brainerd mention.

**SCHOOL BOARD MEETING**

Domestic Science Department Installed—Amount to be Raised For Current Taxes

All members were present at the regular school board meeting except R. R. Wise. The teachers committee reported having engaged Miss Grace Moreland, a graduate of the Stout Training school of Menominee, Wis., who has had three years experience teaching cooking and sewing classes in Haywood, Wis., as the first teacher of domestic science in the Brainerd schools. The domestic science room is fully equipped and instruction in this new department of the schools will be commenced this week. \$100 was set aside for the purchase of supplies during the year. Miss McLaird has been engaged to teach English history and Latin at the high school.

Supt. W. C. Cobb submitted his monthly report on the condition of the schools and also a report on the book room which were accepted and placed on file. The total school attendance at the present time is 813 boys and 900 girls, a total of 1713 pupils.

A resolution introduced by George D. LaBar, chairman of the finance committee, that \$40,400 be raised by taxation in the Brainerd school district, was adopted.

The secretary reported that a committee had conferred with the water and light board because of the latter's notification of a raise in water rates in the school district. The committee consisting of President W. E. Erickson, George D. LaBar and Secretary Hohman reported having met with the water and light board on September 25. The matter was left in the hands of the same committee for further attention.

The board went on record that every pupil graduating from the high school must show to the satisfaction of the superintendent and the secretary the necessary efficiency in penmanship. Legibility primarily is desired.

The board will have compiled all the laws bearing on the Brainerd school district for the guidance of board members. The scrap iron at the schools remaining after building operations was ordered disposed of by the building committee.

**GREEKS TO FIGHT  
AGAINST TURKEY**

Four of the Local Colony Leave Brainerd Today to Fight For Their Native Land

**RENDEZVOUS AT MINNEAPOLIS**

Virginia Contributing 25, Duluth and Twin Cities Large Body of Volunteers

Tom Masuras, James Tempelis, P. Stavropoulos and N. Bellos, Greek business men of the city, are to leave Brainerd today for Minneapolis to join a delegation of 25 Greeks from Virginia, Minn., 50 from Duluth and many in the Twin Cities who will travel in a body to Athens and enlist under the Greek colors to fight against Turkey. Wyoming, Montana and Utah will contribute 5000 volunteer Greeks.

Masuras has been running the sandwich stand on Laurel and Sixth streets and he gave the entire business to Harry Peterson. James Tempelis is from the American Pool hall. P. Stavropoulos and N. Bellos are from the Olympia Candy kitchen. To thus sacrifice their business, give up employment and pay their own expenses to their native country to fight in the first division of volunteers against the Turks, shows that in this commercial age of the twentieth century the Greeks in this country and in their native land are animated by the same sentiment, courage and honor which inspired them when they measured strength with the Persians.

**GOLDEN WEDDING CELEBRATED**

Elder Andrew Mead and Wife Entertain Large Party of Friends at Nokay Lake

Elder Andrew Mead and wife celebrated their golden wedding anniversary at Nokay Lake on the evening of October first. A large gathering of friends and neighbors was present. Their daughter, Mrs. Malcolm Stearns of Edmonton, Canada and their son William, of Nokay Lake, were also present. They received many presents and remembrances from their many friends. A bountiful dinner was served at one o'clock, after which Elder Mead and his wife gave a history of their 50 years of wedded life and the recital was enjoyed by all present. Their daughter gave a few words in response of how well and honorably they had raised their children, after which congratulations were tendered them from all sides.

In the evening the young people of the neighborhood and Mr. and Mrs. J. W. Koop and Mr. and Mrs. J. H. Koop of Brainerd enjoyed a delightful supper. Games were played, contributing to make it a most pleasant evening. The event was closed by a talk by Elder Mead and his wife at twelve o'clock. All considered the wedding had been well celebrated and a source of great enjoyment to all present.

**Many Driven From Home**

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief and health returns. It helps in coughs, colds, grip, croup, whooping cough and sore lungs, make it a positive blessing. 50c and \$1.00. Trial bottle free. Guaranteed by H. P. Dunn.—Advt.
